Key indicator: 3.5.1 Number of functional MoUs/linkages

Metric point: 3.5.1

Number of functional MoUs/linkages with institutions/industries in India and abroad for internship, on-the-job training, project work, student/faculty exchange and collaborative research during the last five years.

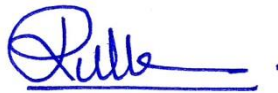

HEI Input:09

DVV Clarification:

Provide copies of MoUs, collaboration agreements, or related documents that show the nature of collaboration and activities, sorted by year. Also, include a list of activities carried out under each MoUs, along with their start and completion dates, signed by both parties for each year.

As per DVV suggestion, the supporting documents are attached below:

- vi. Attachment of staff for purposes of curriculum development and review, attendance of courses, upgrading of teaching and research skills.
- vii. Participating in Seminars, Symposiums, and other types of academic discussions.
- viii. Conducting study tours and joint consultancy work.

A specific plan will be worked out for each activity, setting forth detailed arrangements for collaboration will be agreed. Terms and conditions for each visit or an assignment or such exchange, including the financial liabilities will be decided mutually as and when the need arises between the institutes. A separate agreement will be entered into giving such details including terms of exchange of any intellectual property.

B. Student Exchange:

Both Institutes agree that student exchange will be guided by principles listed below. A home institution refers to the institution where a student is a full-time student, and from where he/she is expected to graduate.

- i. Exchange of students will be decided by mutual agreement between the home institution and the host institution for training and awareness programmes.
- ii. Student will continue to be treated as a full-time student at his/her home institution.
- iii. If an exchange student has undertaken research, then the host institution will evaluate the exchange student's performance in the research, and issue a letter to that effect, together with a technical "report" of the research carried out.

It is, in fact, the need of the hour to work in collaboration to achieve and maintain quality standards in Teaching - Learning - Evaluation, Research and Extension activities. This helps to produce quality student services and may also serve to complement skills and resources between the two parties. Individual academicians from affiliated colleges, and NGOs should join their hands to improve the standards in the field. This collaboration will also help to tackle and find solutions to particularly, the local problems and work together for the sustainable development of the area. Jayawantrao Sawant College of Pharmacy and Research, Hadapsar, Pune, Maharashtra, India and Jayawantrao Sawant Commerce and Science College, Hadapsar, Pune, Maharashtra, India have many areas of common interest in Teaching as well as Research. Considerable advantage may be gained from their pursuit on a collaborative basis in the fields of academics, education and research.

Now therefore, both the colleges have decided to enter into this Memorandum of Understanding (herein after referred to as MOU), which defines the framework for the cooperation of the two institutions.

BROAD AREAS OF COLLABORATION:

Both Institutes agree to develop the following collaborative activities in the academic areas of mutual interest, on the basis of equality and reciprocity. The two institutions shall seek to promote:

A. Student/Faculty/ Research Facilities Exchange:

- Collaboration in teaching, research and development, and consultancy services in the field of mutual interest.
- The exchange of faculty to the mutual benefit of both the institutions.
- The exchange of academic materials and publications
- Conducting guest lectures
- Undertaking joint research activities/projects
- Attachment of staff for purposes of curriculum development and review, attendance of courses, upgrading of teaching and research skills.
- Participating in Seminars, Symposiums, and other types of academic discussions.
- Conducting study tours and joint consultancy work.

A specific plan will be worked out for each activity, setting forth detailed arrangements for collaboration will be agreed. PREAMBLE:

Forging partnership and building relationships with fellow institutions, like minded personalities, agencies and NGOs will definitely lead to an active role in the present globalized world. It is, in fact, the need of the hour to work in collaboration to achieve and maintain quality standards in Teaching – Learning – Evaluation, Research and Extension activities. This helps to produce quality student services and may also serve to complement skills and resources between the two parties. Individual academicians from affiliated colleges, and NGOs should join their hands to improve the standards in the field. This collaboration will also help to tackle and find solutions to particularly, the local problems and work together for the sustainable development of the area. My Rays Publication Center, Hadapsar, Pune, Maharashtra, India and Jayawantrao Sawant Commerce and Science College, Hadapsar, Pune, Maharashtra, India have many areas of common interest in Teaching as well as Research. Considerable advantage may be gained from their pursuit on a collaborative basis in the fields of academics, education and research. Now therefore, both the colleges have decided to enter into this Memorandum of Understanding (herein after referred to as MOU), which defines the framework for the cooperation of the two institutions.

BROAD AREAS OF COLLABORATION:

Both Institutes agree to develop the following collaborative activities in the academic areas of mutual interest, on the basis of equality and reciprocity. The two institutions shall seek to promote:

A. Student/Faculty/ Research Facilities Exchange:

- i. Collaboration in teaching, research and development, and consultancy services in the field of mutual interest.
- ii. The exchange of faculty to the mutual benefit of both the institutions.
- iii. The exchange of academic materials and publications
- iv. Conducting guest lectures
- v. Undertaking joint research activities/projects
- vi. Attachment of staff for purposes of curriculum development and review, attendance of courses, upgrading of teaching and research skills.
- vii. Participating in Seminars, Symposiums, and other types of academic discussions.
- viii. Conducting study tours and joint consultancy work.

A specific plan will be worked out for each activity, setting forth detailed arrangements for collaboration will be agreed. Terms and conditions for each visit or an assignment or such exchange, including the financial liabilities will be decided mutually as and when the need arises between the institutes. A separate agreement will be entered into giving such details including terms of exchange of any intellectual property.

B. Student Exchange:
Both Institutes agree that student exchange will be guided by principles listed below. A home institution refers to the institution where a student is a full-time student, and from where he/she is expected to graduate.

- Exchange of students will be decided by mutual agreement between the home institution and the host institution for training and awareness programmes.
- Student will continue to be treated as a full-time student at his/her home institution.
- If an exchange student has undertaken research, then the host institution will evaluate the exchange student's performance in the research, and issue a letter to that effect, together with a technical "report" of the research carried out.
- If an exchange student has undertaken research, then the home institution will take note of the performance evaluation and the technical response and take steps in accordance with its own procedures.
- Both the institutes agree to provide suitable accommodation and living expenses for student exchange.
- To avail travel expenses, students can apply for existing funding programs at their respective home institution.
- The exchange students will pay tuition and other fees at their home institution.

C. Research and Other Areas:

- To exchange information on teaching, learning material and other literature relevant to their educational and research programs.
- The provision of cultural and intellectual enrichment opportunities for staff and students of both the institutes.
- To use laboratory facilities in specific cases for a limited period.
- To permit students, staff, and faculty members to use library facility.

Both organizations do hereby agree that the detailed terms and conditions that guide each activity identified above will be determined separately and agreed upon by the two institutions as and when needed. These terms shall include a technical description of the proposed activity, financial arrangements, and person(s) responsible for its implementation.

ARTICLE 1: COORDINATION
Each institution shall appoint one member of its teaching/research faculty to coordinate the programme on its behalf. Further, a coordination committee consisting of a programme coordinator from the side of both colleges will periodically review and identify ways to strengthen cooperation between the two institutions.

PREAMBLE:

Forging partnership and building relationships with fellow institutions, like minded personalities, agencies and NGOs will definitely lead to an active role in the present globalized world. It is, in fact, the need of the hour to work in collaboration to achieve and maintain quality standards in Teaching – Learning – Evaluation, Research and Extension activities. This helps to produce quality student services and may also serve to complement skills and resources between the two parties. Individual academicians from affiliated colleges, and NGOs should join their hands to improve the standards in the field. This collaboration will also help to tackle and find solutions to particularly, the local problems and work together for the sustainable development of the area. Yashwantrao Chavan Arts and Science Mahavidyalaya, Mangrulpir, District Washim, Maharashtra, India and Jayawant Rao Sawant Commerce and Science College, Hadapsar, Pune, Maharashtra, India have many areas of common interest in Teaching as well as Research. Considerable advantage may be gained from their pursuit on a collaborative basis in the fields of academics, education and research.

Now therefore, both the colleges have decided to enter into this Memorandum of Understanding (herein after referred to as MOU), which defines the framework for the cooperation of the two institutions.

BROAD AREAS OF COLLABORATION:

Both Institutes agree to develop the following collaborative activities in the academic areas of mutual interest, on the basis of equality and reciprocity. The two institutions shall seek to promote:

A. Student/Faculty/ Research Facilities Exchange:

- i. Collaboration in teaching, research and development, and consultancy services in the field of mutual interest.
- ii. The exchange of faculty to the mutual benefit of both the institutions.
- iii. The exchange of academic materials and publications
- iv. Conducting guest lectures
- v. Undertaking joint research activities/projects
- vi. Attachment of staff for purposes of curriculum development and review, attendance of courses, upgrading of teaching and research skills.
- vii. Participating in Seminars, Symposiums, and other types of academic discussions.
- viii. Conducting study tours and joint consultancy work.

A specific plan will be worked out for each activity, setting forth detailed arrangements for collaboration will be agreed. Terms and conditions for each visit or an assignment or such exchange, including the financial liabilities will be decided mutually as and when the need arises between the institutes. A separate agreement will be entered into giving such details including terms of exchange of any intellectual property.

B. Student Exchange:
Both Institutes agree that student exchange will be guided by principles listed below. A home institution refers to the institution where a student is a full-time student, and from where he/she is expected to graduate.

- Exchange of students will be decided by mutual agreement between the home institution and the host institution for training and awareness programmes.
- Student will continue to be treated as a full-time student at his/her home institution.
- If an exchange student has undertaken research, then the host institution will evaluate the exchange student's performance in the research, and issue a letter to that effect, together with a technical "report" of the research carried out.
- If an exchange student has undertaken research, then the home institution will take note of the performance evaluation and the technical response and take steps in accordance with its own procedures.
- Both the institutes agree to provide suitable accommodation and living expenses for student exchange.
- To avail travel expenses, students can apply for existing funding programs at their respective home institution.
- The exchange students will pay tuition and other fees at their home institution.

C. Research and Other Areas:

- To exchange information on teaching, learning material and other literature relevant to their educational and research programs.
- The provision of cultural and intellectual enrichment opportunities for staff and students of both the institutes.
- To use laboratory facilities in specific cases for a limited period.
- To permit students, staff, and faculty members to use library facility.

PREAMBLE:

Forging partnership and building relationships with fellow institutions, like minded personalities, agencies and NGOs will definitely lead to an active role in the present globalized world. It is, in fact, the need of the hour to work in collaboration to achieve and maintain quality standards in Teaching - Learning - Evaluation, Research and Extension activities. This helps to produce quality student services and may also serve to complement skills and resources between the two parties. Individual academicians from affiliated colleges, and NGOs should join their hands to improve the standards in the field. This collaboration will also help to tackle and find solutions to particularly, the local problems and work together for the sustainable development of the area. Rani Laxmibai Mahavidyalaya, Parola, Maharashtra, India and Jayawantrao Sawant Commerce and Science College, Hadapsar, Pune, Maharashtra, India have many areas of common interest in Teaching as well as Research. Considerable advantage may be gained from their pursuit on a collaborative basis in the fields of academics, education and research.

Now therefore, both the colleges have decided to enter into this Memorandum of Understanding (herein after referred to as MOU), which defines the framework for the cooperation of the two institutions.

BROAD AREAS OF COLLABORATION:

Both Institutes agree to develop the following collaborative activities in the academic areas of mutual interest, on the basis of equality and reciprocity. The two institutions shall seek to promote:

A. Student/Faculty/ Research Facilities Exchange:

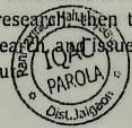

- Collaboration in teaching, research and development, and consultancy services in the field of mutual interest.
- The exchange of faculty to the mutual benefit of both the institutions.
- The exchange of academic materials and publications
- Conducting guest lectures
- Undertaking joint research activities/projects
- Attachment of staff for purposes of curriculum development and review, attendance of courses, upgrading of teaching and research skills.
- Participating in Seminars, Symposiums, and other types of academic discussions.
- Conducting study tours and joint consultancy work.

A specific plan will be worked out for each activity, setting forth detailed arrangements for collaboration will be agreed. Terms and conditions for each visit or an assignment or such exchange, including the financial liabilities will be decided mutually as and when the need arises between the institutes. A separate agreement will be entered into giving such details including terms of exchange of any intellectual property.

B. Student Exchange:

Both Institutes agree that student exchange will be guided by principles listed below. A home institution refers to the institution where a student is a full-time student, and from where he/she is expected to graduate.

- Exchange of students will be decided by mutual agreement between the home institution and the host institution for training and awareness programmes.
- Student will continue to be treated as a full-time student at his/her home institution.
- If an exchange student has undertaken research, then the host institution will evaluate the exchange student's performance in the research, and issue a letter to that effect, together with a technical "report" of the research carried out.
